

 Workshop lead application: [bit.ly/htn21-workshop-app](https://bit.ly/htn21-workshop-app)

 Applications are due on July 15th, 2021 at 11:59 PM EST

## Responsibilities

- Prepare and deliver a 30-90 minute presentation on a tech-related topic that you're passionate about
  - Some examples of past workshops include: *Intro to Git*, *Exploring and Wrangling Data with Pandas*, and *Intro to Product Management*. You can find more examples from Hack the North 2020++ [here](#) and on our [YouTube Channel](#). If you have any other ideas, let us know in your application!
- Complete a [hackpack](#) for your workshop to give context on what hackers can expect to learn and how they can continue their learning following the workshop

## Requirements

- Be available to deliver your workshop during the week of September 13-19th, 2021
- Have access to a computer and a strong and reliable internet connection
- Be excited to teach hackers
- Be sufficiently knowledgeable or experienced in a tech-related topic to deliver a 30-90 minute workshop
  - Some examples would be:
    - Web Development
    - Design
    - Data Science
    - Mobile Development
    - Game Development
    - Job Search
    - Blockchain
    - AI/Machine Learning
    - Extended Reality
    - Security Engineering
    - Hardware/Embedded
    - Product Management

## **Benefits**

- Help hackers learn something new and deepening your knowledge
- Learn from and engage with a community of brilliant workshop leads
- Pay your technical knowledge forward

## **FAQ**

### **What is Hack the North?**

Hack the North is Canada's biggest hackathon, where 3,200+ students of different backgrounds and skill levels come together from around the world to experiment and create unique software and hardware projects from scratch. Our goal is to empower individuals and teams to build something incredible in only 36 hours with provided resources, such as workshops, mentors, sponsors, and hardware components.

### **What's a workshop lead?**

Workshop leads are passionate individuals who are excited to share their knowledge and teach skills that hackers can use to build their projects and develop their careers! They are essential in empowering students from across the globe to dream big and build bigger, turning their ideas into reality.

As a workshop lead, you will be creating and running a 30-90 minute workshop on a topic of your choice during Hack the North 2021, either during the pre-hack days from **September 13-16** or the hacking weekend from **September 17-19, 2021**. You'll be able to meet and connect with other workshop leads and strengthen your mentorship skills by teaching up to 3,000 hackers..

We're looking for workshop leads who are experienced in what they do and passionate about helping others. Having previous teaching experience is a plus, but it's not necessary!

### What kinds of workshops can I run?

Our workshops usually fall under these categories: *Web / Data science / Android / iOS / Design / Security / Game dev / Machine learning / Hardware*

Some examples of past workshops include: *Intro to Git*, *Exploring and Wrangling Data with Pandas*, and *Intro to Product Management*. You can find more examples from 2020++ [here](#) and on our [YouTube Channel](#). If you have any more ideas, let us know in your application! We're always looking for unique and creative ideas!

### How do I apply?

Simply fill out this Google Form [here](#) to tell us about your experience, preferences, and expectations. Make sure you apply as soon as possible because **applications are due on July 15th, 2021 at 11:59PM EST**. Don't be shy, we don't bite! ✨

### What does the selection process look like?

After the application period closes, we'll let you know whether or not you have been selected for an interview; expect to hear back from us by the end of July. If all goes well, we'll extend an offer and start working with you to create a world-class workshop!

### Can I be a workshop lead and a hacker?

Yes! If you are accepted as both a hacker and a workshop lead, then you will be able to deliver your workshop(s) during the pre-hack days from September 13-16, 2021.

### Can I be a workshop lead and a mentor or volunteer?

Yes! (Pssst. You can find the mentor application at: [bit.ly/htn21-mentor-app](https://bit.ly/htn21-mentor-app) and the volunteer application at [bit.ly/htn21-volunteer-app](https://bit.ly/htn21-volunteer-app).)

### Who can I contact for more information?

Please feel free to reach out via email at [hongyi@hackthenorth.com](mailto:hongyi@hackthenorth.com) if you have any questions!
